**Data-Chart® 5000**  
**ORDERING INFORMATION**

July 12, 2000

**MONARCH**

**Data-Chart 6 and 12 Channel Color Display Paperless Recorder with RS232C Communication.**

**Recorder:** Operates from 90 to 260Vac or 125Vdc, standard. 24Vdc operation available.  
 Measures 6 or 12 channels of DC voltage<sup>(1)</sup>, DC current<sup>(1)</sup>, Thermocouple<sup>(1)</sup> and RTD<sup>(2)</sup>;  
 Includes RS232C serial communication and internal RAM data buffer. RS485 available.

To specify your Data-Chart, complete the model number in the blocks below and enter pricing for each block.

MODEL NUMBER: DC-5

Calculate Price ↕

\$1,995

**Base Instrument**

**Input Channels**

- 600** 6 Channel Universal DC V/I, T/C and RTD N/C
- 120** 12 Channel Universal DC V/I, T/C and RTD \$525.00

**Display**

- C** 5.6" Color Active Matrix \$500.00
- M** 5.0" Monochrome N/C

**Power**

- 1** 90-260Vac / 125Vdc \$ N/C
- 1ST\*** 90-260Vac / 125Vdc \$ 25.00
- 2** 18-30Vdc\* \$ 125.00

\* (Screw Terminal Power Connections)

**Data Storage - Removable**

- 1** 3½" Disk Drive \$ N/C
- 2** PCMCIA Memory Card Drive \$ 100.00

**Input/Output Options**

- 0** No Alarm Outputs \$ N/C
- 1** 6 Form C Contacts / 3 Digital Inputs \$ 295.00
- 2** 3 Form C Contacts / No Digital Inputs \$ 195.00

**Serial Communications**

- 1** RS232C - ESD Protection \$ N/C
- 2** RS485 - Isolated \$ 200.00

**Data Storage - Internal**

- 1** 1 Meg Internal RAM \$ N/C
- 2** 2 Meg Internal RAM \$ 150.00

↔ **Total Data-Chart price - (See other side for Windows™ Companion software (SW-3T), memory cards, and other options)**

Example Model Number: DC-5600-C-1-1-1-1-1 defines a 6 channel input, ac power, with disk data storage, 6 relay contact output RS232C communications and 1 Megabyte of internal RAM.
